

## ASC REPORT: Vágur / 2021

### Site info

|                            |            |
|----------------------------|------------|
| ASC certification          | 27-09-2019 |
| Start of production cycle  | 15-12-2021 |
| End of production cycle    | ongoing    |
| Report last updated        | 27-07-2022 |
| Estimated unexplained gain | Na         |

### Wildlife interactions - overview

#### Number

|                        |   |
|------------------------|---|
| Birds                  | 1 |
| Mammals                | 0 |
| Number of escaped fish | 0 |

### Wildlife interactions -birds

| Date of incident | Number | Species                                   | Cause                |
|------------------|--------|-------------------------------------------|----------------------|
| 13-01-2022       | 1      | <i>Phalacrocorax aristotelis/ Skarvur</i> | Entangled in the net |
|                  |        |                                           |                      |
|                  |        |                                           |                      |

### Wildlife interactions - mammals

| Date of incident | Number | Species | Cause |
|------------------|--------|---------|-------|
| N/A              | 0      |         |       |
|                  |        |         |       |
|                  |        |         |       |

### Wildlife interactions - Fish escapes

| Date of incident | Number | Cause |
|------------------|--------|-------|
| N/A              | 0      |       |
|                  |        |       |
|                  |        |       |

| Fish Health Surveillance                      |                                                       |
|-----------------------------------------------|-------------------------------------------------------|
| Suspicious Unidentifiable transmissible agent | None                                                  |
| Detection of OIE – notifiable disease         | None                                                  |
|                                               |                                                       |
| Lice                                          |                                                       |
| Date                                          | Average lice number<br>(number of mature female/fish) |
